Step-by-step instructions:

- 1) Cut 5 pieces of wire approximately 4" long and wrap one end of each piece;
- 2) On 3 of the 5 pieces of wire, load one 4mm stardust bead; spacer; bead cap; cactus bead; bead cap; spacer; another 4mm stardust bead and complete the component with another wire wrap;
- 3) On the other 2 sections of wire, load one 4mm stardust bead; spacer; 8mm stardust bead; spacer; bead cap; cactus bead; bead cap; spacer; 8mm stardust bead; spacer; 4mm stardust bead and complete these two components with wire wraps;
- 4) Attach 2 jump rings to one end of the chain and connect the magnetic clasp;
- 5) Assemble the components with 2 jump rings for each connection as follows:
 - a) Counting from the magnetic clasp, cut the chain after 3 large links and use 2 jump rings to attach one of the smaller cactus sections;
 - b) Attach another 3 large links of chain using 2 jump rings;
 - c) Attach one of the large cactus components
 - d) Attach a 5 large link section of chain using 2 jump rings;
 - e) Attach a small cactus section, large cactus section, and another small cactus section;
 - f) Finally, attach a last 5 large link section;

Optional:

To include a finishing detail & add some weight to the back to reduce turning during wear, load a head pin with one 4mm stardust bead; 1 vermeil spacer, one 8mm stardust bead, and another vermeil spacer & wire wrap to the last link on the end of the chain without the clasp.
