- SD08GP - 8mm Stardust Gold Color - Qty. 4
- GV428 - Vermeil Spacer Bead - Qty. 26
- 5301060L - 6mm Olivine Swarovski Bicone - Qty. 14
- GF15904 - 14kt. Gold-Filled 12.5mm Round Clasp Bead - Qty. 1
- GF13922 - 14kt. Gold-Filled 2 x 2mm Crimp Tubes - Qty. 2
- CBC04GF - Gold-Filled Crimp Covers - Qty. 2
- FLX43062 - Flexrite Bronze 49 Strand Wire - Qty. 2 feet
- DCPT51 - 15 x 18mm Silver Springs, Petal Beads - Qty. 13 (3 Strands)
- DCTD019 - Reptile Green, Teardrop-shaped - Qty. 36 (1 Strands)

## Step-by-step instructions:

- 1) Cut a piece of stringing wire approximately 21 inches long;
- 2) With a bead stopper on one end, load the wire as follows:
  - a) 1 crimp tube
  - b) 6mm Olivine Swarovski bicone
  - c) 9 of the Teardrop-shaped beads
  - d) another 6mm Olivine Swarovski Bicone
  - e) 8mm Stardust bead
  - f) another 6mm Olivine Swarovski Bicone
  - g) Vermeil Spacer
  - h) Petal Bead
  - i) Vermeil Spacer
  - j) 4mm Stardust bead
  - k) Vermeil Spacer
  - l) Petal Bead
  - m) Vermeil Spacer
  - n) 4mm Stardust bead
  - o) Vermeil Spacer
  - p) Petal Bead
  - q) Vermeil Spacer
  - r) another 6mm Olivine Swarovski Bicone
  - s) 8mm Stardust bead
- 3) Repeat from b) above twice but with a 7 petal bead section and then another 3 petal bead section
- 4) add a crimp tube on this end
- 5) Pass the wire through the ring on one side of the clasp and back through the crimp tube
- 6) Ensure the wires are not crossed within the tube and use crimping pliers and fold the crimp tube
- 7) Cover with a crimp cover
- 8) Snug up the beads toward the covered crimp so that the necklace is firm yet still flexible
- 9) Using crimping pliers, crimp and cover the opposite side.
