

Sunflower Symmetry Necklace

Materials needed:

- TC94-5695-18 - 10mm Bead Cap, Large Hole Copper Color - Qty. 12
- CPCH018 - Copper Chain Assorted Links - Approx. 15 ft.
- AW2010 - 20 gauge Natural Colored Copper Wire - Qty. 14
- 530106TOSMK - 6mm Smokey Topaz Swarovski Bicone - Qty. 12
- 530104TL - 4mm Light Topaz Swarovski Bicone - Qty. 12
- CP3001 - 22mm Copper S-Hook - Qty. 1
- DCCY73 - Cylinder Bead - Snowy Red Flowers - Qty. 3 sets of 2

Step-by-step instructions:

- 1) Cut 6 pieces of copper wire - each 4 to 5" long;
- 2) Cut a 6" long piece of chain;
- 3) Create a wrapped loop on the end of one wire piece, making sure to attach it to the end of your 6" piece of chain;
- 4) Onto the piece of wire attached to the chain, load one 4mm Lt. Topaz Swarovski bicone, one 6mm Smokey Topaz Swarovski bicone, one copper bead cap, one 6mm Smokey Topaz Swarovski bicone and one 4mm Light Topaz Swarovski bicone;
- 5) Wire wrap to one link of chain;
- 6) Wire wrap another piece of wire to the single link of chain and load the next set of components as in step 4 above;
- 7) Repeat for the 3rd set of components but this time attach the last wire wrap to a 3" piece of chain;
- 8) Repeat steps 3 to 7 above creating a symmetrical side of sunflower cylinders;
- 9) Open one of the jump rings on the end of the S-Hook and attach to one end of the necklace;
- 10) Remove the other jump ring on the S-Hook and just use the chain as the second side of the closure.
