

Mirage™ (Mood) Beads

Mirage Beads™ Come Alive with Sensuous Color as You Wear Them!

Inspired by "mood" jewelry of the 1960s & '70s, these thermo-sensitive liquid crystal beads change color as you wear them. Mirage Beads™ are thermo-sensitive & continuously change color with subtle temperature variations, ranging from black (when in the freezer) through all the hues of the rainbow. Like life itself, Mirage Beads™ are always changing and mysterious! These beautifully translucent beads are sold by the strand. Please note that although they are very durable, these beads should not be submerged in water. *Sold by the strand of 10 or 20. See listings for details.*

New!

Rondelle
MOOD12
7 x 14mm
20 per strand
