

AGALI BUTTERFLIES BRACELET

By Leslie A Pope

www.twistedstahbeads.com

Kite beads flit and flutter gracefully around your wrist.

Skill level: Beginner and up

Techniques: Stitching with two-hole beads; two needle stitching

Finished length: 6½"

MATERIALS

0.5 grams size 15° seed beads

48 x Kite beads

32 x faceted Microspacers

16 x AGALI Cymbal™ Kite bead endings

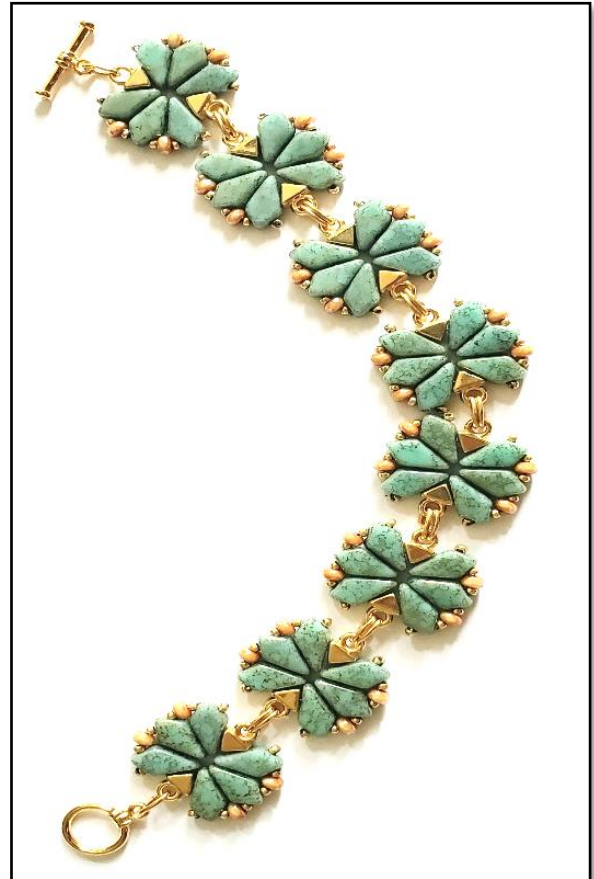

16 x size 4x6mm oval jump rings

Clasp of choice

6lb. Fireline

2 size 11 beading needles

Scissors/Pliers

TIPS:

- Check that all holes of any two-hole beads are clear before stitching.
- Be careful not to skip any beads when retracing a thread path.
- Second thread paths are not shown in the illustrations for clarity.

FIGURE 1

Step 1. Thread a needle on each end of 16-inches of Fireline. String three Kites (narrow end), one AGALI bead ending, and three Kites (narrow end). Slide all the beads until the AGALI sits in the middle of thread.

FIGURE 2

Step 2. On one needle, string one AGALI (**black thread**). With the second needle, sew through the AGALI just added (**red thread**). The threads crisscross through the AGALI. Pull the ends taut being careful to keep the beadwork centered on the thread.

Step 3. With one needle, sew through the Kites, the first AGALI strung, and the following Kite. Reverse the thread direction by sewing through the open hole of the same Kite.

Please respect my designs by not reselling or altering my patterns in any way. Do not replace or modify text, images, names, logos, or URLs. Feel free to recreate this design for personal use and limited sales but not for mass production. Permission to teach this pattern is exclusive to customers of The Beadsmith.

Step 4 (red thread). Repeat Step 3 with the second needle.

FIGURE 3

Step 5. On one needle, string one 15° and sew back through the same Kite.

Step 6. String one 15°, one Microspacer, one 15° and sew through the next Kite. Repeat once more.

Step 7. String one 15° and sew back through the same Kite.

Step 8. Repeat the thread path once more, secure thread within the beadwork and trim the excess.

Step 9 (red thread). Repeat Steps 5 through 8 with the second needle.

Make seven more components to complete a bracelet that measures 6½" when assembled, excluding the clasp.

ASSEMBLE THE BRACELET

Step 10. Use jump rings to connect six components together through the AGALI loops. **NOTE:** I used two jump rings at each connection for more integrity

Step 11. Use pliers to open a jump ring and insert into one end AGALI loop and half of the clasp. Repeat to attach the other half of the clasp to the second end AGALI loop.

DESIGN OPTIONS (additional supplies may be needed):

Need a more adjustable sized bracelet, a partially finished bracelet end will fit the bill.

Don't forget your decorative dangles for the ends!

Fun and fast earrings are always a must. One component or two should do the trick!
